

astraia

For our office in Erlangen we, astraia software gmbh in Ismaning, are currently looking for a:
Student Employee (m/f/d)

Exciting tasks guaranteed.

We need reinforcements in the field of quality assurance and software development.

Your studies will last at least 3 more semesters. You will work part-time, whereby your working hours can be arranged flexibly according to demand (8-10 hours / week).

Your field of activity

- Interesting insights into medical IT
- Work in the software development/quality assurance team to maintain product quality by recording and classifying errors and quality defects
- Develop and implement quality assurance strategies, test plans and specifications
- A future-oriented product as market leader in medical image and findings documentation
- A modern working environment in an open-minded team
- A thorough initial training
- The opportunity to contribute and implement your own ideas

Your profil

- Basic knowledge in IT
- Analytical skills and a high quality awareness
- User knowledge of MS-Office
- Dedicated and independent working
- Reliability and ability to learn
- Fluent written and spoken English and German

As a company with customers and partners in over 70 countries worldwide, we offer solutions for demanding users in the specialised medical field. We attach particular importance to intensive and competent customer care. Our products and our service are characterised by high quality and flexibility. This claim, as well as the great commitment of every employee, have been the basis of our success for 20 years now.

We look forward to hearing from you!
